

CHILD SAFE

NARANGA SCHOOL POLICY

Rationale

On 26 November 2015, the Victorian Parliament passed the Child Wellbeing and Safety Amendment (Child Safe Standards) Bill 2015 to introduce child safe standards into law. The standards will commence from 1 January 2016 for most organisations working with children, with the aim of promoting cultural change in the way organisations manage the risk of child abuse and neglect.

The child safe standards are part of the Victorian Government's response to the Betrayal of Trust Inquiry into the Handling of Child Abuse by Religious and other Non-Government Organisations. The Betrayal of Trust Report found that while the majority of children are safe in organisations and in the community, more work could be done to strengthen existing approaches to child safety.

The child safe standards aim to drive cultural change in organisations that provide services for children so that protecting children from abuse is embedded in everyday thinking and practice.

Aim

To create and maintain a child safe organisation through the provision of a variety of codes, practices and documentation that address the seven standards of the Child Wellbeing and Safety Amendment (Child Safe Standards) Bill 2015:

Standard 1: Strategies to embed an organisational culture of child safety, including through effective leadership arrangements (See Appendix 1).

Standard 2: A child safe policy or statement of commitment to child safety (See Appendix 2).

Standard 3: A code of conduct that establishes clear expectations for appropriate behaviour with children (See Naranga School Code of Conduct).

Standard 4: Screening, supervision, training and other human resources practices that reduce the risk of child abuse by new and existing personnel (See Working with Children Check Policy)

Standard 5: Processes for responding to and reporting suspected child abuse (refer to DET Mandatory Reporting policy: <http://www.education.vic.gov.au/school/principals/spag/safety/Pages/childprotection.aspx> and Naranga School Mandatory Reporting Policy)

Standard 6: Strategies to identify and reduce or remove risks of child abuse (See Appendix 3)

Standard 7: Strategies to promote the participation and empowerment of children (See Naranga School Student Engagement and Inclusion Policy).

Implementation

Naranga School will implement the Child Safe Standards to ensure the safety and wellbeing of all students at the School and promote an organisational culture that manages the risk of child abuse and neglect.

Our School has developed policies and procedures that aim to keep children safe. The standards will provide a framework to identify gaps and improve policy and practices around child safety.

Evaluation

This policy will be reviewed as part of the school's four-year review cycle.

This policy was last ratified by School Council in....

August 2016

Naranga School Our commitment to child safety

Naranga School is committed to child safety.

We want students to be safe, happy and empowered. We support and respect all children, as well as our staff and volunteers.

We are committed to the safety, participation and empowerment of all children.

We have zero tolerance of child abuse, and all allegations and safety concerns will be treated very seriously and consistently with our robust policies and procedures.

We have legal and moral obligations to contact authorities when we are worried about a child's safety, which we follow rigorously.

Our school is committed to preventing child abuse and identifying risks early, and removing and reducing these risks.

Our school has robust human resources and recruitment practices for all staff and volunteers.

Our school is committed to regularly training and educating our staff and volunteers on child abuse risks.

We are committed to the cultural safety of Aboriginal children, the cultural safety of children from a culturally and/or linguistically diverse backgrounds, and to providing a safe environment for children with a disability.

We have specific policies, procedures and training in place that support our leadership team, staff and volunteers to achieve these commitments.

If we believe a child is at immediate risk of abuse, we phone 000 or 1300 655 795 (Child Protection).

Our children

This policy is intended to empower children who are vital and active participants in our school. We involve them when making decisions, especially about matters that directly affect them. We listen to their views and respect what they have to say.

We promote diversity and tolerance in our school, and people from all walks of life and cultural backgrounds are welcome. In particular we:

- promote the cultural safety, participation and empowerment of Aboriginal children;
- promote the cultural safety, participation and empowerment of children from culturally and/or linguistically diverse backgrounds;
- ensure that children with a disability are safe and can participate equally.

Our staff and volunteers

This policy guides our staff and volunteers on how to behave with children in our school.

All of our staff and volunteers must agree to abide by our Code of Conduct which specifies the standards of conduct required when working with children. All staff and volunteers, as well as children and their families, are given the opportunity to contribute to the development of the code of conduct.

Training and supervision

Training and education is important to ensure that everyone in our school understands that child safety is everyone's responsibility.

Our school culture aims for all staff and volunteers (in addition to parents/carers and children) to feel confident and comfortable in discussing any allegations of child abuse or child safety concerns. We train our staff to identify, assess, and minimise risks of child abuse and to detect potential signs of child abuse.

We also support our staff and volunteers through ongoing supervision to: develop their skills to protect children from abuse; and promote the cultural safety of Aboriginal children, the cultural safety of children from linguistically and/or diverse backgrounds, and the safety of children with a disability.

New employees and volunteers will be supervised regularly to ensure they understand our school's commitment to child safety and that everyone has a role to play in protecting children from abuse, as well as checking that their behaviour towards children is safe and appropriate (please refer to this school's code of conduct to understand appropriate behaviour further). Any inappropriate behaviour will be reported through appropriate channels, including the Department of Health and Human Services and Victoria Police, depending on the severity and urgency of the matter.

Recruitment

We take all reasonable steps to employ skilled people to work with children. We develop selection criteria and advertisements which clearly demonstrate our commitment to child safety and an awareness of our social and legislative responsibilities. Our school understands that when recruiting staff and volunteers we have ethical as well as legislative obligations.

All people engaged in child-related work, including volunteers, are required to hold a Working with Children Check and to provide evidence of this Check. We refer to the [Working with Children Check](http://www.workingwithchildren.vic.gov.au) website <www.workingwithchildren.vic.gov.au> for information.

We carry out reference checks and police record checks to ensure that we are recruiting the right people. Police record checks are used only for the purposes of recruitment. If, during the recruitment process, a person's records indicate a criminal history then that person will be given the opportunity to provide further information and context.

Fair procedures for personnel

The safety and wellbeing of children is our primary concern. We are also fair and just to personnel. The decisions we make when recruiting, assessing incidents, and undertaking disciplinary action will always be thorough, transparent, and based on evidence.

We record all allegations of abuse and safety concerns using our incident reporting systems, including investigation updates. All records are securely stored.

Privacy

All personal information considered or recorded will respect the privacy of the individuals involved, whether they be staff, volunteers, parents or children, unless there is a risk to someone's safety. We have safeguards and practices in place to ensure any personal information is protected. Everyone is entitled to know how this information is recorded, what will be done with it, and who will have access to it.

Legislative responsibilities

We take our legal responsibilities seriously. The Naranga School Mandatory Reporting Policy addresses these in detail. It is noted that:

- Victorian teachers are ‘Mandatory Reporters’, and have a legal responsibility to report incidents where a child’s safety is at risk. Victorian Government School employees are expected to follow the DET Mandatory Reporting policy which can be found at <http://www.education.vic.gov.au/school/principals/spag/safety/Pages/childprotection.aspx>
- **Failure to disclose:** Reporting child sexual abuse is a community-wide responsibility. All adults in Victoria who have a reasonable belief that an adult has committed a sexual offence against a child under the age of 16 have a legal obligation to report that information to the police.
- **Failure to protect:** People of authority in our school will commit an offence if they know of a substantial risk of child sexual abuse and have the power or responsibility to reduce or remove the risk, but negligently fail to do so.
- Any personnel who are **mandatory reporters** must comply with their duties.

Risk management

In Victoria, schools are required to protect children when a risk is identified (see information about failure to protect above). In addition to general occupational health and safety risks, we proactively manage risks of abuse to our children.

We have risk management strategies in place to identify, assess, and take steps to minimise child abuse risks, which include risks posed by physical environments (for example, any doors that can lock), psychological harm, and online environments.

Allegations, concerns and complaints

Our school takes all allegations seriously and has practices in place to investigate thoroughly and quickly. Our staff and volunteers are trained to deal appropriately with allegations.

We work to ensure all children, families, staff and volunteers know what to do and who to tell if they observe abuse or are a victim, and if they notice inappropriate behaviour.

We all have a responsibility to report an allegation of abuse if we have a reasonable belief that an incident took place.

If an adult has a **reasonable belief** that an incident has occurred then they must report the incident. Factors contributing to reasonable belief may be:

- a child states they or someone they know has been abused (noting that sometimes the child may in fact be referring to themselves).
- behaviour is consistent with that of an abuse victim.
- someone else has raised a suspicion of abuse but is unwilling to report it.
- suspicious behaviour is noted.

Naranga School Child Safety Risk Management Program

At Naranga School our child safety risk management strategy is a formal and structured approach to managing risks associated with child safety. 	Likely	Medium	Medium	High	Extreme	Extreme
	Possible	Low	Medium	Medium	High	Extreme
