Principal’s Report
Great things continue to happen at Naranga School. As usual the students are very busy in programs during class and break times. The weekly netball clinic happening across the school is having a positive effect on the students. Many staff have commented on the level of enthusiasm of the students and their willingness to do their best.

Staying on the physical theme, the newly formed running group is growing in popularity. Scheduled as a lunchtime activity every Tuesday a number of staff and students spend their time lapping up kilometres around Ballam Park. Three students – Dobuol, Jason and Noah and one staff member from the middle area have clocked up a total of 10km so far. There were more than thirty students taking part this week. The junior students are making the most of their out and about program. One group visited Maroondah Dam this week and Primary R will be catching the train to Carrum next week as part of their travel training program.

On the topic of hospitality, a group of students in the senior area are receiving training from Louise of Nepean Industry Edge Training in the area of workplace safety, safe food handling and barista training.

Another busy week at Naranga School!

Shaun Bacon
Assistant Principal

This week, as part of our Personal Development session, the students talked about if they were king or queen for a day, how they would rule the world. We discussed a range of ideas that would make the world a better place. Everyone had the opportunity to design and decorate a crown.

Below are some of the students’ sentences:

If I were a King or Queen I would…

Jake D — Have a special party.
Heath— I would let everyone do things they like — like art and craft.
Michael H— I would let people play with each other.
Curtis — I would make people smile.
Emma— I would help people.
Ella — I would give everyone food.

Beginners ICT course for Parents

There are still a few places left on the Beginners ICT for Parents course. The course is for parents with limited or no ICT skills and knowledge. The course will take place in the ICT Lab on Friday mornings from 9:00 – 10:00. The lessons will cover a range of basic ICT skills such as learning different ways to copy and paste text and images, to finding out which software package is needed for a specific task.

There are 14 places available so you will need to be quick if you want a place. Please feel free to telephone me with your enquiries on 03 9788 2222 Ex 140. If I am unavailable to talk please leave a message and I will get back to you as soon as I can.

I look forward to meeting you Angela Harrison ICT Specialist
