## Principal's Report

Dear students and families,

The term has only just begun and there are already some exciting things to report on. Last Friday a team of middle school students took part in a cricket clinic at Jubilee Park in Frankston. The carnival involved other special schools. Our students enjoyed the day taking part in the games and catching up with students from the other schools. Clearly our students worked hard and their skills enabled them to come out the winners on the day. Well done to those students.

Next week the senior school are running two camps. City camp gives students an opportunity to practice their life skills such as using public transport, budgeting, purchasing food, managing time and interacting in public places. The second camp at Rubicon which is an outdoor education camp involves activities and new experiences that take students outside their comfort zone as well as giving them opportunities to support their classmates and work in teams. The activities for both camps look great and the students will be kept busy.

So as you can see Naranga School is a busy place.

Shaun Bacon  
Assistant Principal

16 <sup>th</sup> Dec	Zucchini and pasta slice with salad

We hope your student enjoys their meal!

With the glimpse of warmer days, now is the time to think about

's and safety.

- Check the gas cylinder on your barbecue before you turn it on. A cylinder must not be refilled if it hasn't been tested for more than 10 years or if the cylinder has been damaged. You can exchange gas cylinders at a reputable supplier
- Check the hose to make sure it has not perished
- Check the connections to make sure they are tight and that the O rings are in good condition and have not cracked or split
- Use your barbecue in a clear space. Never use it indoors or in a confined area
- Remove excess fat from the barbecue after each use to prevent fires
- Do not use barbecues in windy conditions as the burners may blow out, risking a gas leak. Barbecues don't have a safety device to turn off the gas if the flame goes out
- If a fire occurs, don't try to extinguish the flames if it is not safe. Turn off the gas at the meter or cylinder but only if you can do so safely.

## *SP News*

It has been a very busy start to term four as the VCAL students have been busy getting ready for the Melbourne City Camp next week. There are a range of exciting activities planned for the students including a visit to Medibank Icehouse, Melbourne Star Ferris Wheel, Old Melbourne Gaol, Eureka Tower, Ferry down the Yarra River to Williamstown, Queen Victoria Market, MCG tour and Game On Interactive as well as some other sight seeing along the way.

In the classroom this term the VCAL students have also been working on developing some educational videos with the emphasis on the school values 'Be Safe' and 'Be Respectful'. In the videos students have planned different scenarios demonstrating appropriate behaviours, rehearsed their lines, role plays and completed some filming. Students have thoroughly enjoyed this hands on task.

## *All Abilities Cricket Carnival*

On Thursday the 9<sup>th</sup> of October, Naranga School went to an all abilities cricket carnival at Jubilee Park. Students participated in keepings off, the 50 metre sprint, the bucket ball throw competition, throw to throw and who can hit the furthest. We played Nepean and Frankston SDS - oh and we won too!!!
