

## What is SWPBS?

School-Wide Positive Behaviour Support (SWPBS) is a research based approach for teaching and reinforcing expected social and behavioural skills so the focus can be on teaching and learning.

## The SWPBS Continuum

The SWPBS pyramid structures describes the three levels of support for students:

## Reinforcing appropriate behaviours

Our primary goal is to reinforce appropriate behaviour through direct feedback and acknowledgement.

### Verbal acknowledgement

Staff notice and tell students what they are doing right

### Raffle tickets

Students earn raffle tickets when staff notice them demonstrating positive behaviours. Raffle tickets are often part of individual class reward systems. Raffle tickets also make students eligible to win a prize at the weekly whole school assembly.

### Certificates

Students are recognized for their achievements through awards and certificates.

### Behaviour Passports

Individual rewards are earned through stamps in behaviour passports linked to specific expectations.

### Good News Postcards

Families may receive a postcard in the mail informing them when their son or daughter has made an outstanding effort to demonstrate our expectations.

### Special Events

Students who consistently demonstrate outstanding behaviour may be selected to participate in special events.
